Fencing / Steel Posts

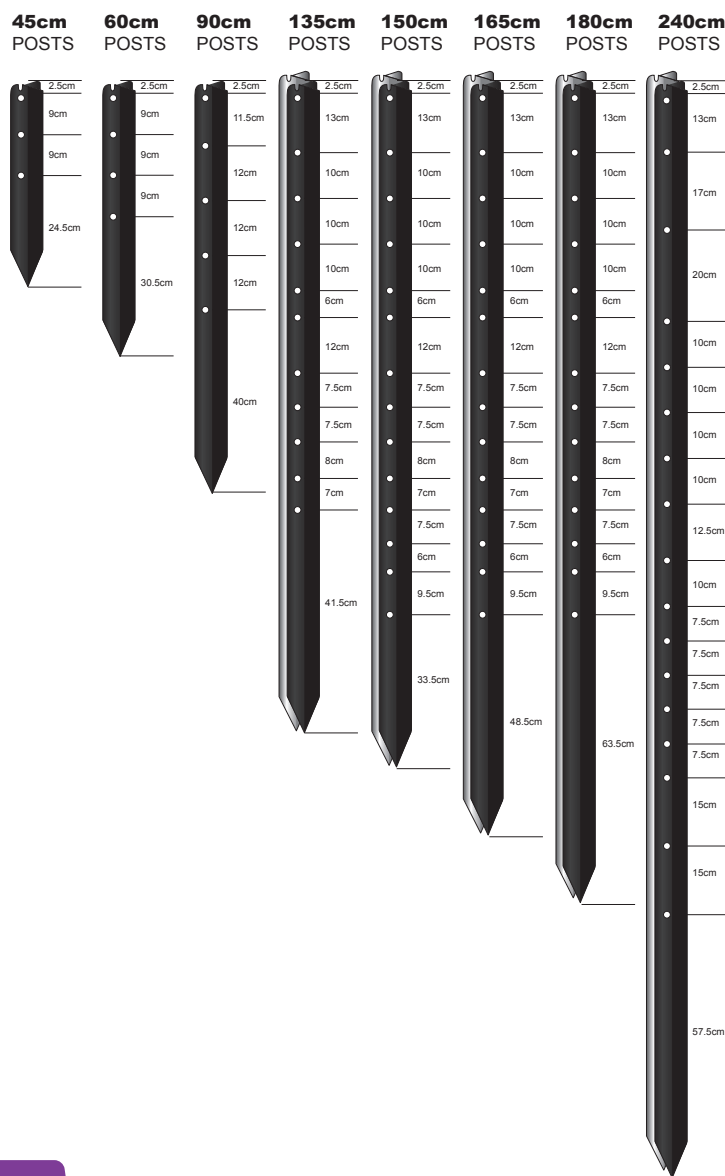

Say goodbye to shaky garden fences! Our selection of Jack steel posts are the bee's knees. Designed by us, they're tough, rust-resistant, and ready to keep your fencing or trellis systems strong and standing straight for years to come. If you're after superior steel post strength, choose our hero Pro-Series T-Post - a heavyweight winner.

- Made from high grade steel
- Cost-effective alternative for most applications
- Hot dip galvanised for maximum corrosion resistance
- Quality checked during manufacturing

Ultraposts Fence Posts

Ultraposts are built for tough Australian conditions. Made from high grade steel for a longer life, and pre-drilled holes for mounting wire, mesh or netting in perfect alignment. Ultraposts fence posts provide superior fencing results. Featuring long lasting finishes: oven-baked black bituminous or hot-dip galvanised.

Fencing / Mesh Fencing

Aviary & Cage Mesh

Aviary Mesh Large Birds

- Ideal for most medium-large birds
- Hot dip galvanised after manufacture for maximum corrosion protection
- Small aperture, medium weight

Aviary Mesh Medium Birds

- Ideal for most medium birds
- Hot dip galvanised after manufacture for maximum corrosion protection
- Standard 12mm x 25mm (½" x 1") aperture keeps vermin out

Aviary Mesh Small Birds

- Hot dip galvanised
- Small aperture, lightweight
- Ideal for most small home variety birds

Welded wire mesh for cage fabrication keeping animals in; protective grilles for keeping things out. A wide range of aviary meshes designed to suit different bird types. For more professional aviaries, use Framing Mesh.

Cage Mesh

- Ideal for permanent housing small-medium animals
- Cage Making Mesh makes 1.5m x 1.0m x 0.6m cage
- Heavy duty, high strength wire
- Manufactured from galvanised wire

Mouse and Snake Mesh

- Suitable for mice, guinea pigs and small birds
- Hot dip galvanised for maximum corrosion protection
- Small aperture of 6.5x6.5mm
- Very lightweight at 0.60mm wire diameter

Fencing / Fence Wire

They may just be coils of steel, but our fence wires are the best you'll ever cut, twist and tie! Developed over 50 years, they're strong, corrosion-resistant and ready for projects of all shapes and sizes, from plant tying and putting up garden fencing to keeping the pets in and pests out. Pick a small handy coil or go large for bigger projects.

Craft & Light Wire

0.70mm or 0.90mm wire diameter and ideal for hobby and craft work, for floral arrangements, and light garden use.

Label colour	Wire Diameter	Suggested Uses
Purple	0.70mm	Hobby, toys, flower arrangements
Yellow	0.90mm	Hobby and garden work
Red	1.25mm	Light tying jobs, trellis, garden
Blue	1.57mm	Netting to line wires, plant support, lacing wires
Green	2.00mm	Heavy tie wire, hinged joint to posts
Tan	2.50mm	Heavy tie wire, brush fencing
Black	3.15mm	Fencing, bracing wire
White	4.00mm	Fencing, horse paddock, bracing wire

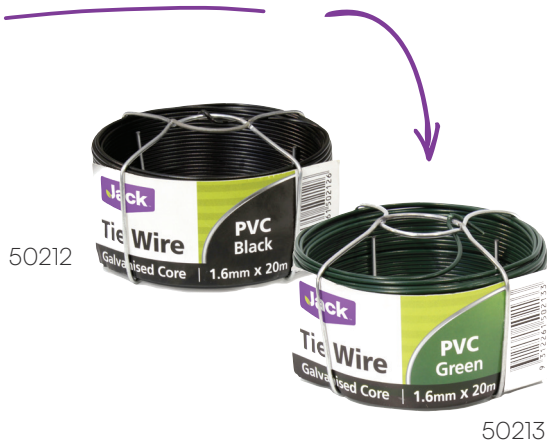

Yard & Garden Wire

1.25mm or 1.57mm wire diameter, and ideal for light tying jobs, trellising and general garden use.

50213

PVC Coated Tie Wire

50212

50213

Stainless Steel Tie Wire

50210

Jack wire is available in three configurations: the smallest coil is in a 'no tangle' Wirepak dispenser; Handypak standard coil, and large bulk coils

Boundary & Fencing Wire

2.00mm, 2.50mm, 3.15mm or 4.00mm wire diameter, and ideal for plant training, plant support, bag and bundle tying, and fence lacing and tying work.

50004

Not just for farms.
Plain wire and barbed fencing wire ideal
for hobby farm and general use.

Handyfence Wire

- Galvanised to AS4534
- Available in soft and medium tensile
- Comes in varying wire diameters and roll sizes

Barbed Wire

- Galvanised for long life
- Available in 30m and 100m packs

Fencing / Fencing Tools & Accessories

Fencing Tools

Be a fencing master - the garden kind, not the combat kind! Our fencing tools and accessories include everything you need to cut, twist, strain, and join those wire fences and bash posts into place. We also have a sweet selection of clips, latches, hinges, and more. Go grab that additional fencing gear and get started!

Landscaping & Garden Design / Retaining Wall Posts

Retain-iT Post System

Whether you want to build a garden bed, prevent soil erosion, improve drainage, and add some character to your yard, our Aussie-designed Retain-iT® wall posts are really something! Simply drop in some natural timber sleepers for a strong, long-lasting, and beautiful natural barrier. Build it tall or just add a layer or two, it's up to you!

Retain-iT® 50mm System

- Converts timber sleepers into timber retaining walls up to 800mm high
- 50mm system suits all 50mm timber sleepers
- High tensile, galvanised for long life
- Heavy duty, robust steel construction

Retain-iT 50mm systems suit timber sleepers that are 50mm wide.

Retain-iT 75mm systems suit timber sleepers that are 75mm wide.

Available in three configurations:

Corner Post - for perfect 90-degree corners

Joiner Post - for joining sleepers in a straight line

End Post - for a neat finish to your wall

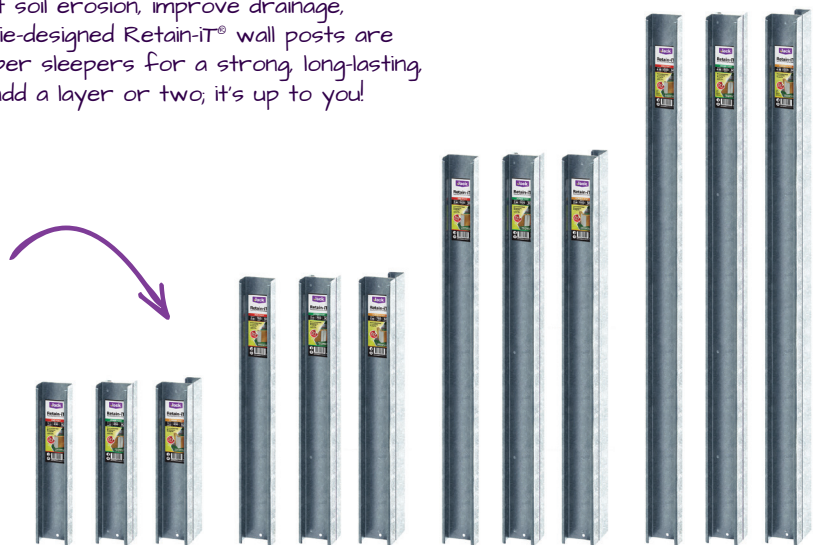

End Post

Joiner Post

Corner Post

Retain-iT®
Heavy Duty Retaining Post System

Retain-iT® 75mm System

- Converts timber sleepers into timber retaining walls up to 800mm high
- 75mm system suits all 75mm timber sleepers
- High tensile, galvanised for long life
- Heavy duty, robust steel construction

Retain-iT® Sleeper Stakes

Retain-iT Staking Solutions

Retain-iT® Heavy Duty Retaining Stakes

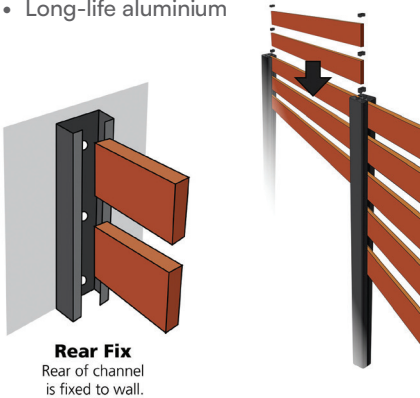

Create a cosy garden nook to sit back and relax in, or keep your neighbour's noses in check! Our range of Jack garden screens are strong, easy to assemble and stay standing for years. Choose Screen Up natural timber or opt for some Oxy-Shield rust panels to add some earthy edge to your pool area or courtyard.

Screen Up® Rear Fix Channel

- Quick and easy with a professional look
- A better way to build your own privacy screens
- Long-life aluminium

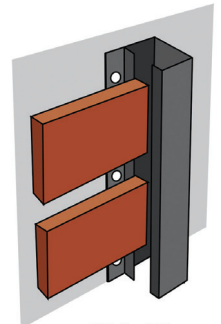

Screen Up® Side Fix Channel

Each pack comes with step-by-step assembly instructions and contains:

- Wall-Mount Channel (x1)
- 20mm Spacers (x22 for 2m OR x12 for 1.1m)
- End Caps (x2)
- "L" Bracket (x1)

As a general guide, the 2m post will hold 18 slats @ 90mm width or 22 slats @ 70mm width, whilst the 1.1m post will hold 10 slats @ 90mm width or 12 slats @ 70mm width.

Screen Up Freestanding

Screen Up Freestanding anchors securely into the ground for completely self-supporting screen.

Screen Up® Spacers & Caps

- Slimline 10mm spacers for that slimline look
- Standard 20mm spacers (as supplied with posts)
- Cap and bracket kits for replacement parts

Landscaping & Garden Design / Garden Screens

Plant Growing & Protection / Vegie Trainers

Grip and Grow

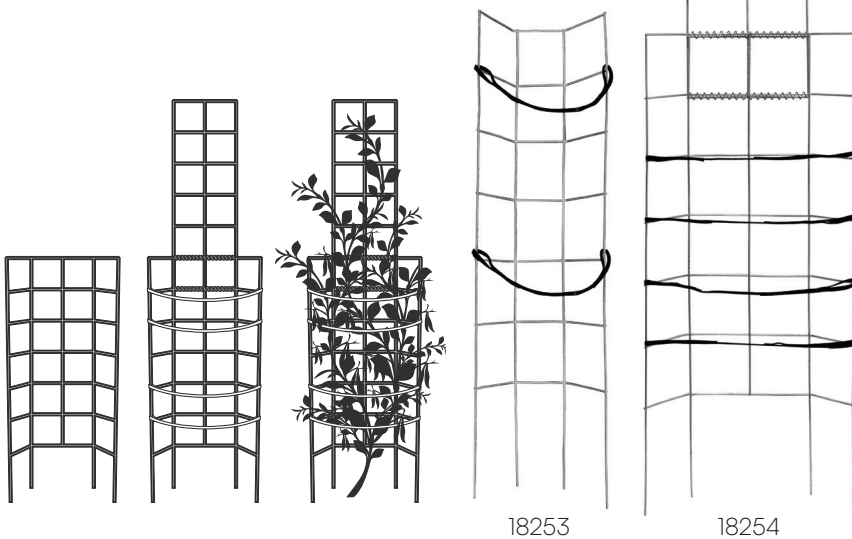

Climbing vegies love to be nourished with sunshine and fresh air (don't we all!). They also love a little support. Whether it's a frame, panel or cage you're after, your vegies will thank you with a lusher, healthier crop when you train them right. Take a look at our ever-popular Grip & Grow range. These trainers have built-in grips to help your plants grow.

Grips as
it grows

Grip & Grow Freestanding Kits

Home Maintenance / Gutter Guard

Gutter Strip Systems

Over getting rid of all the leaves and natural trash that lands in your gutter? Jack's got your back! Choose our hero gutter strip systems, which make installation a breeze. Or stick with our traditional DIY gutter mesh in handy rolls.

After just a few hours of outdoor work, you can say goodbye to weekends spent scooping!

Gutter Strips

- Gutter strip systems install in seconds.
- Staymesh strips — simply squeeze and position
- Foam and bristle strips — just push them into place.

Easy to install:

Gutter strips take just seconds to install, subsequent lengths just slot into place, no hardware or tools required.

Gutter Guard Mesh Rolls

Gutter Rolls

- Fire retardant PVC Staymesh — supplied with clips.
- PVC Super Gutter — traditional mesh roll.
- Fire-Guard mesh is a galvanised steel mesh and CSIRO tested
- Ember Mesh for covering gaps and openings in bush-fire prone areas

Gutter Accessories

Every respectable outdoor lover or tradie needs a tarp or two in their inventory! Tie one up between trees when out bush or at-home entertaining, or use them to protect floors and surfaces on the job. Our range of tough, waterproof, and versatile tarpaulins comes in various weights and sizes. Don't forget to secure them with tie-downs.

75054

Weatherview Tarp

- Screen balconies, patios, greenhouses and worksites
- Identify covered items easily
- Reinforced nylon weave resists tearing

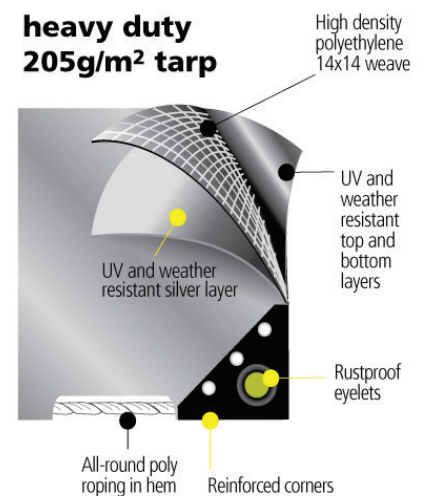

75627

Heavy Duty Tarp

- High-density UV resistant polyethylene weave
- Tear-resistant and water-resistant triple-layer protection
- Reinforced poly rope hem and plastic corners

heavy duty 205g/m² tarp

Clothesline busted or looking shabby? Jack's got your back. Our range of replacement cords fit most rotary, retractable and folding lines. They also come in a choice of colours for that perfect match. Whether you choose PVC, coated steel, or galvanised steel, all are strong, flexible and taut when installed. Say hello to happy laundry days!
